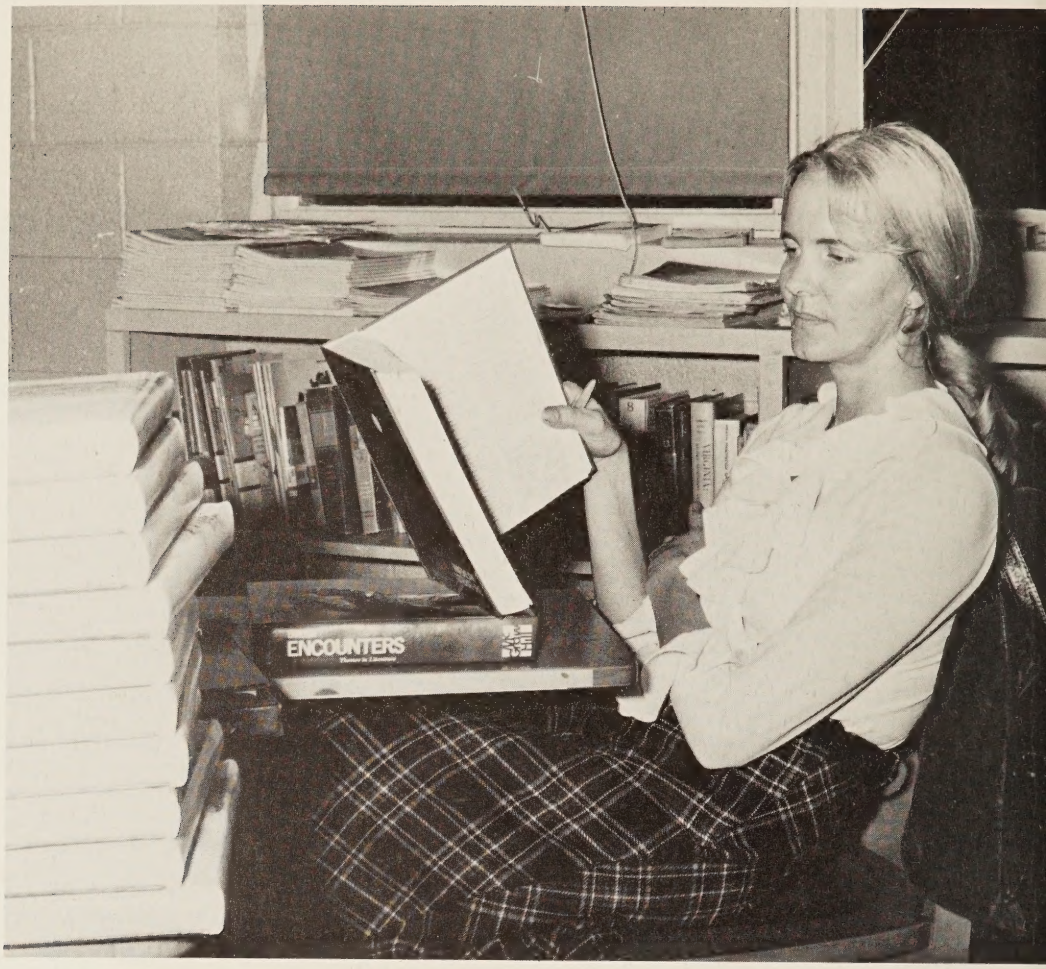
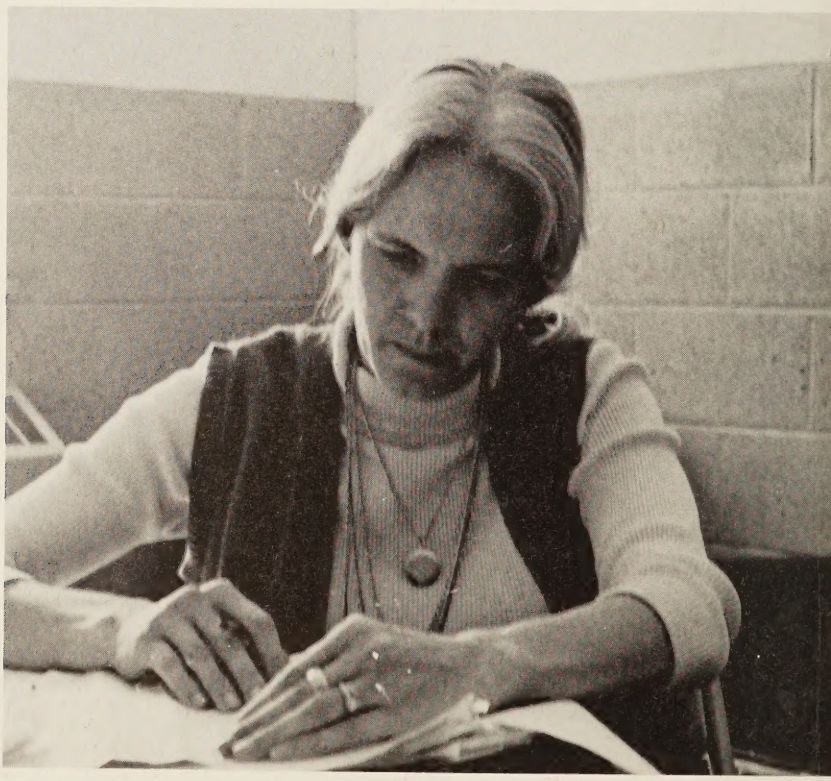
Volume XLIV

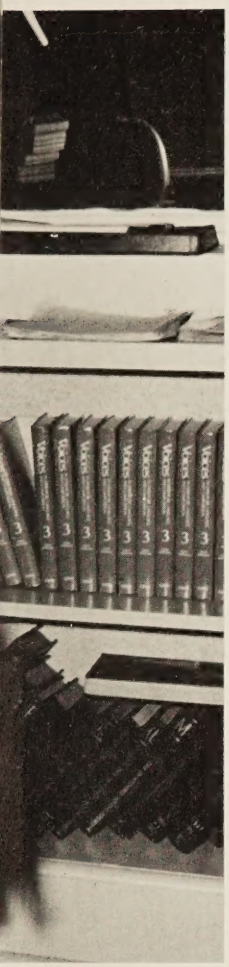
Pocahontas High School

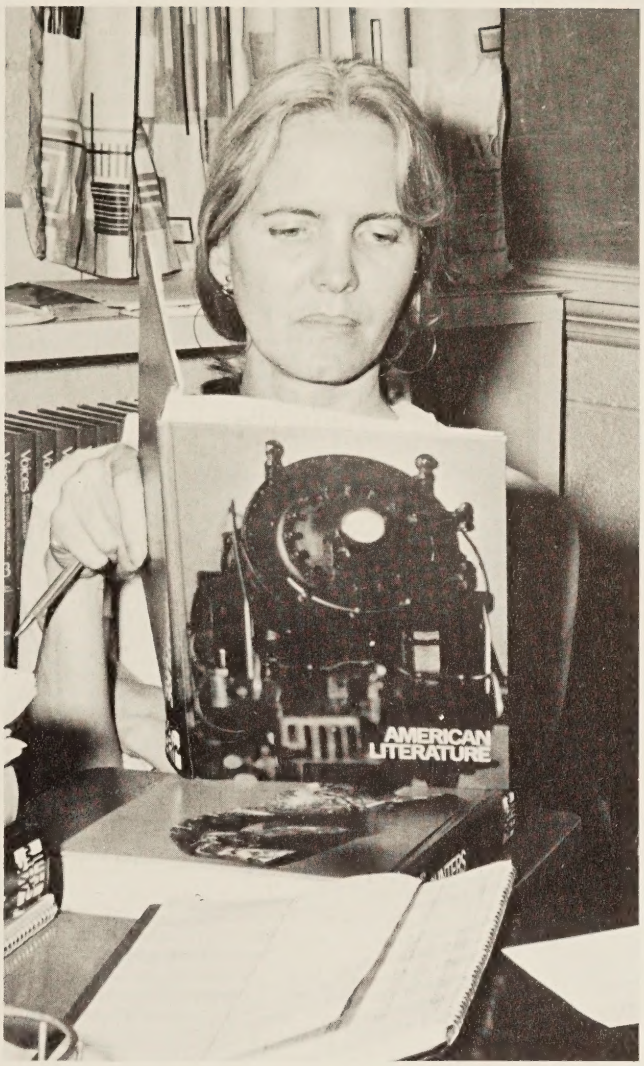
Pocahontas, Virginia



ENCOUNTERS







THANK YOU–

For the times you've laughed with us

For the serious moments we've shared

For being patient when we didn't listen

For all the extra things we asked from you

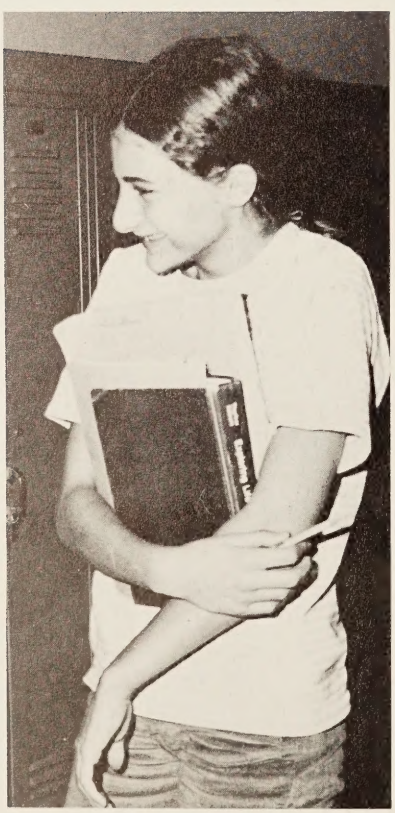
But most important–THANK YOU Mrs. Gentry for never being too busy to share a part of yourself with us.

Class of '74

The future began

With the things

We did yesterday.



We studied together

We played together–

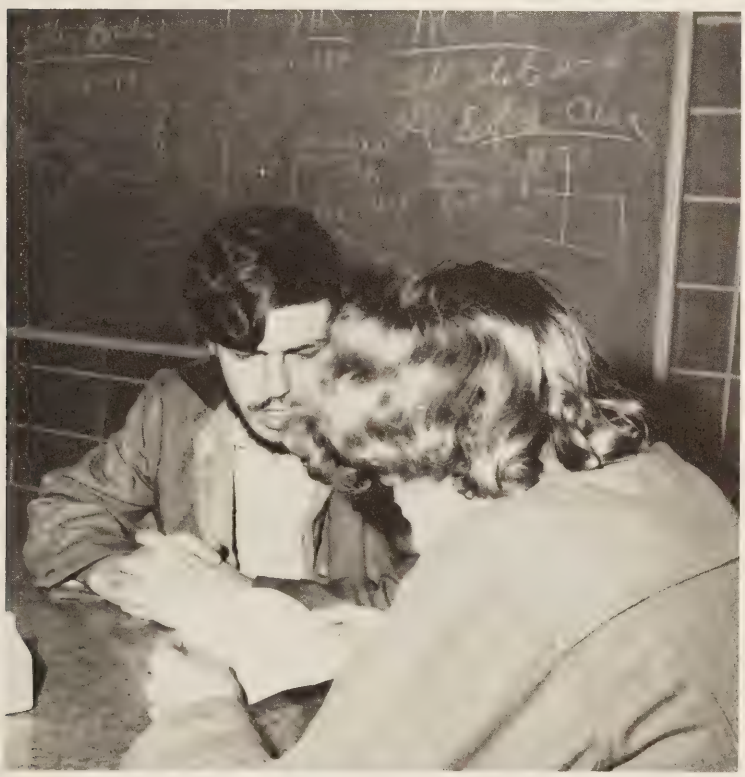
But most important

We laughed together.

The Universe resounds

With the joyful cry

I AM . . .



Sharing is the Golden Key

That unlocks the door

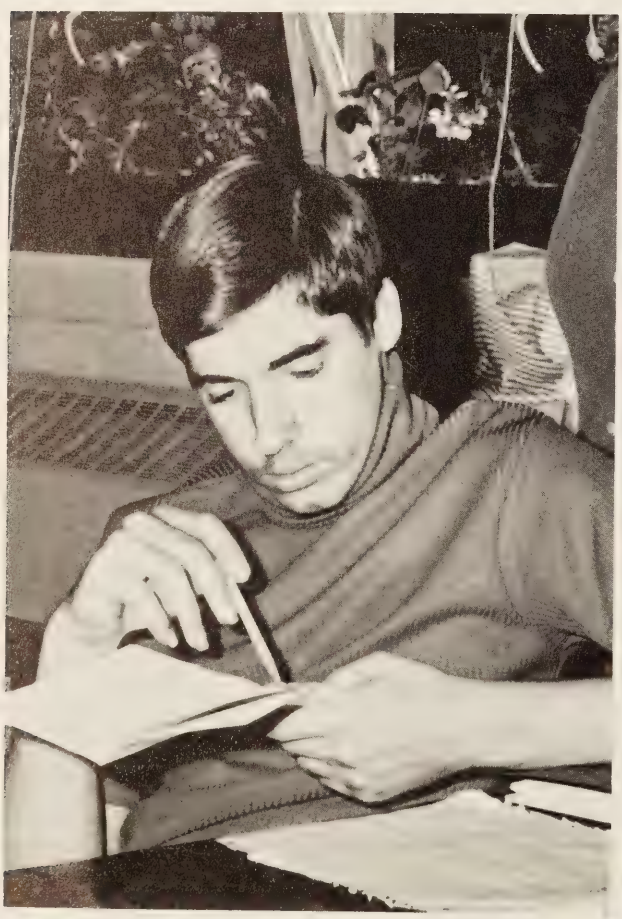
To Friendship . . .

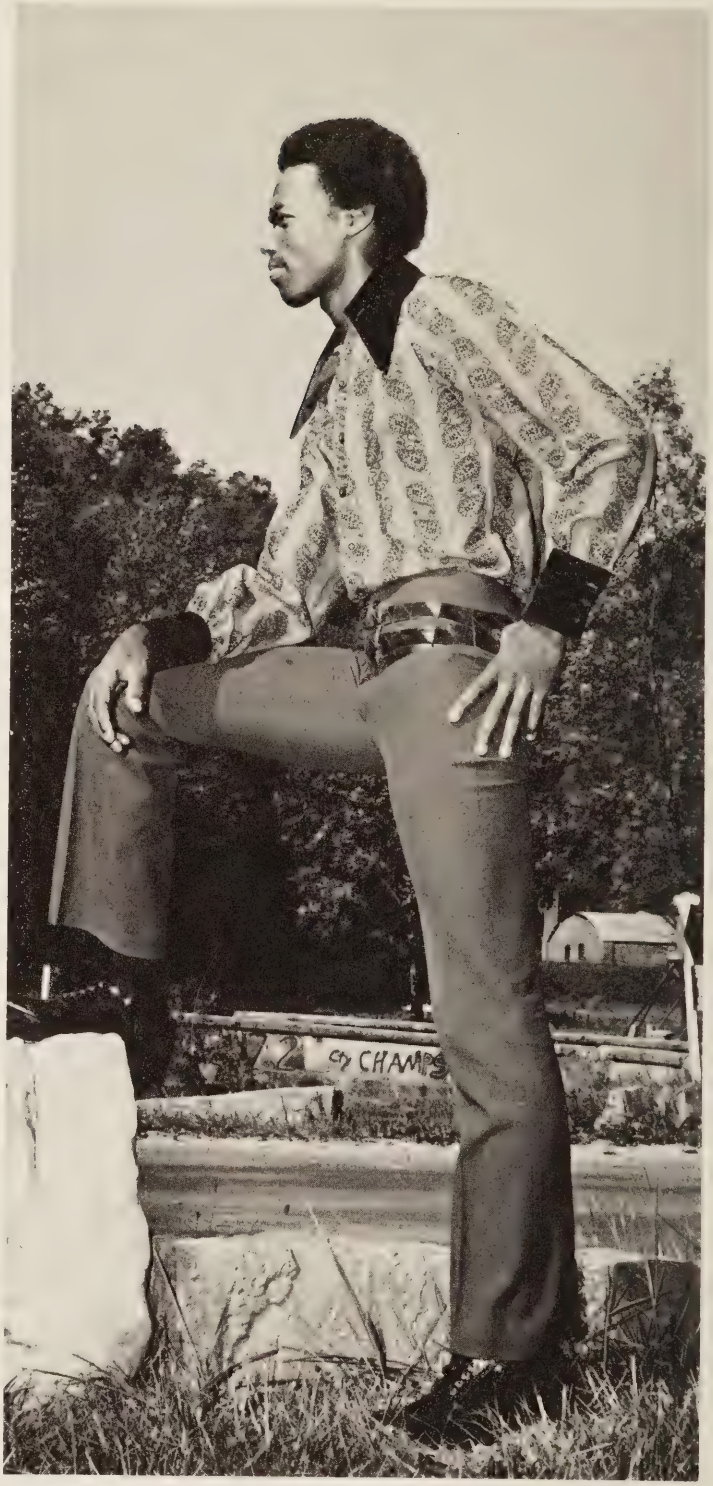
It's often when I'm alone

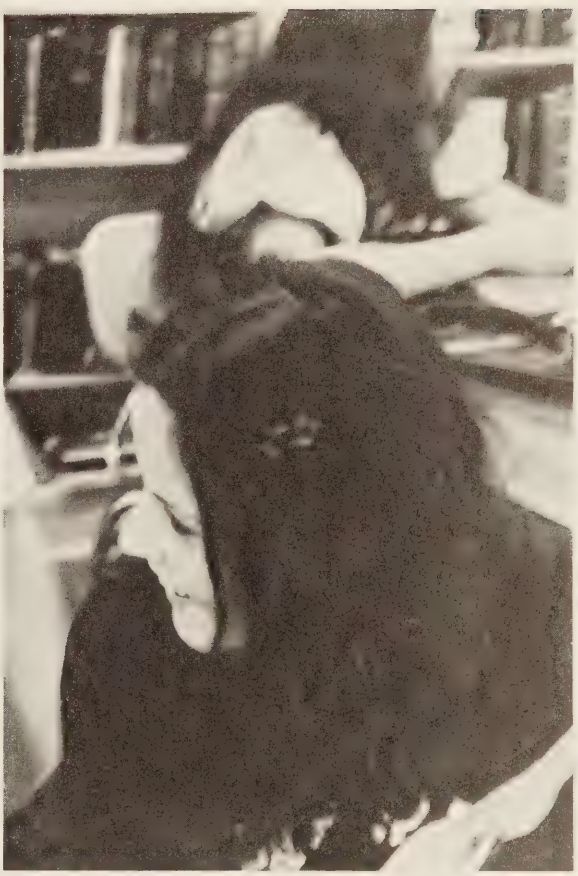
And things are quiet and

Peaceful that my

Happiest thoughts come . . .







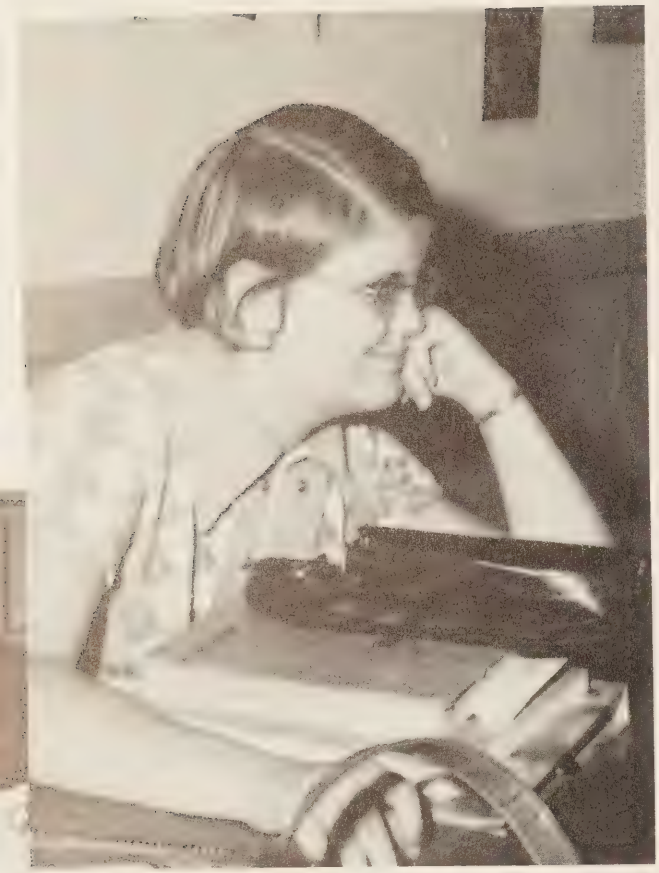
THE AMERICAN EXPERIENCE

Remember all the times

Of fun, frustration,

And the occasional moments

Of solitude.



The language

Of friendship

Is not words

But meaning.

I find the great thing
in this world
is not so much where we stand
as in what direction we are moving
— Oliver Wendell Holmes

You have been given the opportunity to take your place
among the tiny minority of the world's educated men.
History will judge you, and you will ultimately judge yourself,
on the extent to which you have used your gifts
to lighten and enrich the lives of your fellow men.

And let your best be for your friend.
If he must know the ebb of your tide let him know its flood also.

Seek him always with hours to live.
